Project Proposal

Submit your project proposal as a single PDF. One submission per group is enough.

The rubric is below.

1 point - Follow the given ACM template.
1 point - Include all group name, member names, student IDs, and emails.
1 point - Include project title.
1 point - Background about the problem
1 point - Motivation
2 points - The dataset that you will use.
2 points - Describe the main outcome of the project. What will we get at the end?
2 points - Relevance of the project to big-data.
2 points - Evaluation. How will we evaluate the outcome of your project?
2 points - Project milestones and proposed timeline
1 point - At least three citations written correctly in the bibliography section. It is acceptable at this point to have all your citations referring to websites, news articles, and datasets.

16 points - Total
